“ *Building Dreams, Crafting Reality: Your A and B Licensed Contractor in Los Angeles, CA. From concept to completion, we turn your vision into a masterpiece.* ”

— Garay Construction Inc

Garay Construction Inc

When it comes to turning your construction dreams into reality, you need a partner you can trust. Garay Construction, a renowned A, B, and C-8 licensed contractor, has been a pillar of the Los Angeles construction scene for two decades. With a legacy of exceptional craftsmanship, we're your go-to choice for all your construction needs.

Why Choose Garay Construction?

1. **Decades of Expertise:** With 20 years of experience under our belt, we bring a wealth of knowledge to every project. Whether it's residential, commercial, or specialized construction, we've done it all.
2. **A, B, C-8 Licensing:** Our extensive licensing portfolio ensures that we can tackle any construction project you have in mind. From general contracting to specialty sewer work (C-8), we've got you covered.
3. **Local Expertise:** As a proud member of the Los Angeles community, we understand the unique challenges and opportunities in this vibrant city. We're here to make your construction journey as smooth as possible.
4. **Innovation and Quality:** We're not just about tradition; we embrace innovation. We stay up-to-date with the latest construction technologies and materials to ensure the highest quality work on every project.
5. **Committed to Excellence:** At Garay Construction, excellence is our standard. We take pride in delivering projects that exceed your expectations. Your satisfaction is our ultimate goal.

When you choose Garay Construction, you're choosing a trusted partner with a proven track record of success. Join our long list of satisfied clients and experience construction like never before. Let's build your vision together. Contact us today to get started!

Our Services Include:

- Grading

- General Construction

NAICS Codes:

236220 - Commercial and Institutional Building Construction:

- This NAICS code covers general building contractors (B-License) engaged in the construction of commercial and institutional buildings. It includes new construction, renovation, and remodeling of structures such as office buildings, schools, hospitals, and retail establishments.

237990 - Other Heavy and Civil Engineering Construction:

- This code pertains to general engineering contractors (A-License) involved in heavy and civil engineering construction projects. It includes excavation, grading, and infrastructure development for roads, bridges, water systems, and more.

238110 - Poured Concrete Foundation and Structure Contractors:

- Contractors holding a C-8 license, which specializes in concrete work, often use this code. It covers concrete contractors engaged in the construction of foundations and structures, including concrete finishing and related services.
