About Us

Fixed Dimensions dba Fixed Dimensions Carpentry was started by Bethany and Adam White in 2015, and the company was incorporated in 2020. Mr. White is a 3rd generation finish carpenter. The company holds a C-6 contractor’s license with the State of California. **Fixed Dimensions dba Fixed Dimensions Carpentry** specializes in the installation of cabinets. Their competitive advantage is they can order custom cabinets in CA and provide installation for the same price point and at a much faster time than other companies who order overseas but take much longer to deliver. The company is signatory with the local SW Carpenter’s Union, and while working on contracts, they can have as many as 10-15 full-time employees, depending on the job size.

Our Commitment

Fixed Dimensions dba Fixed Dimensions Carpentry is committed to long-term relationships with clients, employees, and vendors. Our goal is to expand and work in the public works arena, competing for projects with LA Metro, the City of Los Angeles, the County of Los Angeles, and all agencies.

Services offered:

- Affordable, custom cabinetry
